

## Amazon Hub program

Did you know there are about 100 million Amazon Prime members in the U.S.? Health Mart® pharmacies can now leverage Amazon's reach by bringing the convenience of package delivery into their pharmacy.\*

### Benefits of enrolling in Amazon Hub:

#### **Drive store visits.**

Each package delivered means a potential new customer may enter your pharmacy.\*\*

#### **Convert foot traffic into loyal customers.**

Once in store, customers will likely spend more. Turn additional traffic into customers and additional sales by offering prescription transfers, immunizations and front-end items.

“

People are excited to find out that we are a family-owned pharmacy and that we carry so many of the products they use. **What starts as a convenient place to pick up their packages becomes a destination.**
